How to Build a Beautiful Body - 1 Corinthians 12:3-22

From the Series, Church? Who Needs It

By Pastor Skip Heitzig

MESSAGE SUMMARY

Advertisers know that a trim and beautiful physique helps sell products. Think of what that means in a spiritual sense. Can a spiritually fit and beautifully functioning local church attract people to Christ? Jesus said that He would build His church. So do we have *any* part in that? Since Paul compared the church to a physical body, is there anything that individual members can do to help beautify it? Let's look at four principles that will help us do exactly that.

DETAILED NOTES

I. Recognize Variety (vv. 4-11)

II. Emphasize Unity (vv. 11-13)

III. Maximize Equality (vv. 15-20)

IV. Minimize Self-Sufficiency (vv. 21-22)

Questions for Home Groups:

1. Do you have a penchant to want people in your life to be just like you or do you enjoy the differences you discover in individuals? How can this improve your relationships at church?
2. When you hear of a need at church--someone hurting, in need of some help, opportunities to get involved--how do respond? Is your first thought, "That's someone else's job--somebody should do something about that?"
3. How do you communicate your needs to other people?
