## Privileges of God's Employees - John 14:12-14

From the Series, Believe:879

By Pastor Skip Heitzig

### MESSAGE SUMMARY

Most companies have benefits for employees: things like overtime pay, health insurance, and sick pay. In 2 Corinthians 6:1, Paul calls us "workers together with Him" (NLT renders it "God's partners"). We have been called to a high and lofty task—to be His representatives here on earth. You might say we're part of the "family business." So what has God called us to do? And how has He provided for us in terms of resources? In short, what are the benefits of being God's employees?

### OUTLINE

- I. The Privilege of Purpose (v. 12a)
- II. The Privilege of Proportion (v. 12b)
- III. The Privilege of Prayer (vv. 13-14)

### Pondering the Principles:

1. Identify some "great works" that have been done since Jesus left the earth. What great works are you involved in for God's kingdom?
2. Is your prayer life balanced and full? Could it be that your lack of involvement in doing a great work for God is tied to your lack of prayer, or lack of focus in prayer? (See James 4:2.)
3. How would you describe the purpose of your life? (Be specific.)
